E. P. BRYAN, Agent.

The ROUNDABOUT can always be had for three cents per copy at Barrett's News Depot and at Ben. Marshall's Post-office News Depot.

The new City Council deserves credit for having abolished the office of Civil Engineer.

The Seven held a caucus Tuesday afternoon and made nominations for the minor city offices.

Truly the servant is worthy of his hire, but the tax-payers should not be made to foot the bill.

South Frankfort has about as much use for two policemen as a horse-cart has for seventeen wheels.

Three new offices have been created by the new Council. This is a good start towards an economical administration—in a horn.

Foresters meet in regular session next Wednesday evening, at 7 o'clock, at which time there will be an election of officers for the ensuing term.

If you want something good to eat, go to Burckhardt's meat store and get the freshest and tenderest meat in town. Read his advertisements in the column of Local Notices.

The Roberts school-house, about eight miles from this city, on Benson, was consumed by fire on Friday night of last week—the burning being the result of carelessness.

Some of the boys had to be left out in the cold. Notwithstanding three new offices were created to compensate some of them for their labor there were not enough to go round, and now there is dissatisfaction and discord among the faithful.

John Vanderhide, one of the convicts who escaped from the penitentiary last week, was recaptured in Louisville, and brought to this city Monday. He was exposed to the recent severe weather, barefooted and without food, and, at the time of his capture, was in a pitiable condition.

The regular meeting of Hiram Lodge, No. 4, A. Y. M., will be held next Tuesday evening, at 7 o'clock, at which all members are requested to be present. After the usual business is disposed of a Lodge of instruction will be opened. Members of sister Lodges are cordially invited to be present.

The regular meeting of the Good Templars takes place at their Hall, in Odd Fellows' Building, next Thursday evening, at 7 o'clock, at which time officers will be elected to serve the ensuing quarter. The election will take place immediately after the close of the public meeting. Let everybody go.

Attention is invited to the correspondence on the fourth page of this paper.

Mrs. Franklin's school is steadily increasing in number,—four new pupils this week notwithstanding the unfavorable weather.

Mr. Darsie Preaches to-morrow morning on "Weakness and Strength," and to-morrow night, on "The Gospel to the Poor." All are cordially invited.

Mr. Wm. Dennis, who lives on Pea Ridge, was cutting down a tree last week, and in falling it fell in such a manner as to catch his foot and crush it severely. He is doing well.

A large number of country people were in town Monday, county court-day. Business was quiet, and but little stock on the market, for which very low prices were offered. The usual amount of benzine was indulged in, and the Police Judge had a fair share of business the next day.

The society news editor of this paper has been so pressed with official business for the past three weeks that he could not give our "Personal" column the attention it required. He will give it his attention as soon as everything settles down in its accustomed grooves and begins to run smoothly.

Attention is called to the card of Dr. W. H. Averill, which appears in another column of this paper. Besides a complete stock of drugs, and everything usually kept by a first-class druggist, he has a full line of nice musical goods which he sells at lowest cash prices. Don't forget him when you want anything in his line.

Marshal Jere Lee went out of office last Tuesday morning. Mr. Lee was an energetic and a faithful officer, discharging the duties of his office fearlessly and impartially. While he is a strict partisan, he never suffered his party feelings to influence his official actions, as many can testify who were in the hottest of the contest last Saturday. Pity there are not more like Mr. Lee in Frankfort. May he live long and prosper.

There were six scholars in the Christian Sunday-school, of this city, who were present every Sunday in 1878. Their names are Lizzie Rodgers, Charlie Wilson, Mrs. R. S. Watson, Tena McEwan, Carrie McEwan, and William Macklin. These were all suitably commended and rewarded for their faithfulness last Sunday.
